

## ROMANTICISM THROUGH FILM

### A.P. LANGUAGE AND COMPOSITION

Choose **one** of the options below for a film to watch related to the unit on Romanticism. Watch the film. You should take notes as you watch. I encourage you to do this with a group of classmates to reduce the demands on various film sources. After viewing the film, you are to do this:

**Write a 300-400 word essay where you describe the key ways your chosen film relates to the concept of Romanticism. Address both how your film reflects the potential positives and also potential negatives associated with the worldview.**

This should be well organized, typed, in MLA format. It should be your best writing. Be ready to share, present, and discuss your thoughts about the film in class.

Your Options:

1. Into the Wild
2. Dead Poets' Society
3. Alone in the Wilderness (A copy of this will be available in the library)
